Dark red, stout made with a super balanced EPD profile. 618G topped the 2020 Fritz sale and impressed a lot of good cattlemen that day with his mass, power and breed leading figures. Moderate birth, top end growth combined with maternal and top 1% stay ability make Monument a must use sire that will have a lasting impact on any herd. So far Monument looks to be a good choice on yearling heifers as well adding to his versatility. Progeny are eye appealing and correct.

**Domestic semen available on both!

Stockman E116 caught the attention of Cattlemen all over cow country as his progeny topped the spring sales at Bullis Creek and Biebers He is siring easy calving, thick made progeny that are loaded with growth, carcass and maternal traits. Stockman's progeny excels in style, balance and structural correctness. A son was slapped Champion bull at the 2021 Nebraska Cattlemen's Classic held in February and was the high selling Red Angus bull going to Beed Red Angus of Chambers, NE. With his light birth and calving ease Stockman will see extensive use on yearling heifers as well as cows.
